Undressing Cinema Stella Bruzzi 2012-10-12 From Audrey Hepburn in Givenchy, to sharp-suited gangsters in Tarantino movies, clothing is central to film. In *Undressing Cinema*, Stella Bruzzi explores how far from being mere accessories, clothes are key elements in the construction of cinematic identities, and she proposes new and dynamic links between cinema, fashion and costume history, gender, queer theory and psychoanalysis. Bruzzi uses case studies drawn from contemporary popular cinema to reassess established ideas about costume and fashion in cinema, and to challenge conventional interpretations of how masculinity and femininity are constructed through clothing. Her wide-ranging study encompasses: * haute couture in film and the rise of the movie fashion designer, from Givenchy to Gaultier * the eroticism of period costume in films such as *The Piano* and *The Age of Innocence* * clothing the modern femme fatale in *Single White Female*, *Disclosure* and *The Last Seduction* * generic male chic in *Goodfellas*, *Reservoir Dogs*, and *Leon* * pride, costume and masculinity in 'Blaxploitation' films, *Boyz 'N The Hood* and *New Jack City* * drag and gender confusion in cinema, from the unerotic cross-dressing of *Mrs Doubtfire* to the eroticised ambiguity of *Orlando*.

Children of the Jacaranda Tree Sahar Delijani 2013-06-18 New York Times bestselling author Khaled Hosseini says, "Set in post-revolutionary Iran, Sahar Delijani's gripping novel is a blistering indictment of tyranny, a poignant tribute to those who bear the scars of it, and a celebration of the human heart's eternal yearning for freedom." Neda is born in Iran's Evin Prison, where her mother is allowed to nurse her for a few months before an anonymous guard appears at the cell door one day and simply takes her away. In another part of the city, three-year-old Omid witnesses the arrests of his political activist parents from his perch at their kitchen table, yogurt dripping from his fingertips. More than twenty years after the violent, bloody purge that took place inside Tehran's prisons, Sheida learns that her father was one of those executed, that the silent void firmly planted between her and her mother all these years was not just the sad loss that comes with death but the anguish and the horror of murder. These are the Children of the Jacaranda Tree. Set in post-revolutionary Iran from 1983 to 2011, this stunning debut novel follows a group of mothers, fathers, children, and lovers, some related by blood, others brought together by the tide of history that washes over their lives. Finally, years later, it is the next generation that is left with the burden of the past and their country's tenuous future as a new wave of protest and political strife begins. "Heartbreakingly heroic" (Publishers Weekly), *Children of the Jacaranda Tree* is an evocative portrait of three generations of men and women inspired by love and poetry, burning with idealism, chasing dreams of justice and freedom. Written in Sahar Delijani's spellbinding prose, capturing the intimate side of revolution in a country where the weight of history is all around, it is a moving tribute to anyone who has ever answered its call.

But not all my mistakes are behind me. We're beginning to suspect that the dead are connected to a rash of missing human women and that they can all be laid at my feet—two or four, take your pick. Vanishing Fish Daniel Pauly 2019-05-28 "Daniel Pauly is a friend whose work has inspired me for years." —Ted Danson, actor, ocean activist, and co-author of *Oceana* "This wonderfully personal and accessible book by the world's greatest living fisheries biologist summarizes and expands on the causes of collapse and the essential actions that will be required to rebuild fish stocks for future generations." —Dr. Jeremy Jackson, ocean scientist and author of *Breakpoint* The world's fisheries are in crisis. Their catches are declining, and the stocks of key species, such as cod and bluefin tuna, are but a small fraction of their previous abundance, while others have been overfished almost to extinction. The oceans are depleted and the commercial fishing industry increasingly depends on subsidies to remain afloat. In these essays, award-winning biologist Dr. Daniel Pauly offers a thought-provoking look at the state of today's global fisheries—and a radical way to turn it around. Starting with the rapid expansion that followed World War II, he traces the arc of the fishing industry's ensuing demise, offering insights into how and why it has failed. With clear, convincing prose, Dr. Pauly draws on decades of research to provide an up-to-date assessment of ocean health and an analysis of the issues that have contributed to the current crisis, including globalization, massive underreporting of catch, and the phenomenon of "shifting baselines," in which, over time, important knowledge is lost about the state of the natural world. Finally, *Vanishing Fish* provides practical recommendations for a way forward—a vision of a vibrant future where small-scale fisheries can supply the majority of the world's fish. I Will Survive Gloria Gaynor 2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.
