A History of the Crusades Kenneth Meyer Setton 1969 The six volumes of *A History of the Crusades* will stand as the definitive history of the Crusades, spanning five centuries, encompassing Jewish, Moslem, and Christian perspectives, and containing a wealth of information and analysis of the history, politics, economics, and culture of the medieval world.

A history of the Crusades. 2. The Kingdom of Jerusalem : and the Frankish East ; 1100 - 1187 Steven Runciman 1981
A History of the Crusades: The first hundred years, edited by M. W. Baldwin Kenneth Meyer Setton 1955

A History of the Crusades Steven Runciman 1957

The First Crusade Peter Frankopan 2012-04-15 According to tradition, the First Crusade began at Pope Urban II's instigation and culminated in July 1099, when western European knights liberated Jerusalem. But what if the First Crusade's real catalyst lay far to the east of Rome? Countering nearly a millennium of scholarship, Peter Frankopan reveals the First Crusade's untold history.

A History of the Crusades Steven Runciman 1954

Arab Historians of the Crusades (Routledge Revivals) Francesco Gabrieli 2009-10-15 The recapture of Jerusalem, the siege of Acre, the fall of Tripoli, the effect in Baghdad of events in Syria; these and other happenings were faithfully recorded by Arab historians during the two centuries of the Crusades. First published in English in 1969, this book presents 'the other side' of the Holy War, offering the first English translation of contemporary Arab accounts of the fighting between Muslim and Christian. Extracts are drawn from seventeen different authors encompassing a multitude of sources: The general histories of the Muslim world, The chronicles of cities, regions and their dynasties Contemporary biographies and records of famous deeds. Overall, this book gives a sweeping and stimulating view of the Crusades seen through Arab eyes.

The First Crusade August Charles Krey 1921 This complete history of the First Crusade places particular emphasis on using eye witness accounts of the happenings as its source. Author August Krey notes that the eye witness accounts written during the time of the Crusades were really the first time since the fall of the Roman Empire that we derived information about life, societal culture and norms in the Middle Ages in Europe. Krey uses this influx of writings to construct an accurate and detailed history of the origins and happenings of the First Crusade.

A History of the Crusades Kenneth Meyer Setton 1977-09 This work contains information and analysis of the history, politics, economics, and culture of the medieval world. The six volumes stand as a history of the Crusades, spanning five centuries, encompassing Jewish, Muslim, and Christian perspectives.

In Distant Lands Lars Brownworth 2017-04-16 In the late fall of 1095 Pope Urban II gave a speech in Clermont, France and set all of Europe into motion. As many as a hundred and fifty thousand people eventually responded to the call, leaving everything they knew behind to undertake what appeared to be a fool's mission: marching several thousand miles into enemy territory to reconquer Jerusalem for Christendom. Against all odds they succeeded, creating a Christian outpost in the heart of the Islamic world that lasted for the better part of two centuries. Perhaps no other period in history is as misunderstood as the Crusades, and in this fast-paced account, bestselling author Lars Brownworth presents the entire story, from the first clash of Christendom and Islam in the dusty sands of Yarmouk, to the fall of the last crusader state. Along the way he introduces the reader to an exotic world peopled by mighty emperors, doomed Templars, grasping generals, and ambitious peasants. Some of the most famous names of the Middle Ages - Richard the Lionheart, Saladin, Eleanor of Aquitaine, and the legendary Prester John - illuminate this era of splendor, adventure, and faith.

Crusaders Dan Jones 2019-10-01 A major new history of the Crusades with an unprecedented wide scope, told in a tableau of portraits of people on all sides of the wars, from the author of *Powers and Thrones*. For more than one thousand years, Christians and Muslims lived side by side, sometimes at peace and sometimes at war. When Christian armies seized Jerusalem in 1099, they began the most notorious period of conflict between the two

religions. Depending on who you ask, the fall of the holy city was either an inspiring legend or the greatest of horrors. In *Crusaders*, Dan Jones interrogates the many sides of the larger story, charting a deeply human and avowedly pluralist path through the crusading era. Expanding the usual timeframe, Jones looks to the roots of Christian-Muslim relations in the eighth century and tracks the influence of crusading to present day. He widens the geographical focus to far-flung regions home to so-called enemies of the Church, including Spain, North Africa, southern France, and the Baltic states. By telling intimate stories of individual journeys, Jones illuminates these centuries of war not only from the perspective of popes and kings, but from Arab-Sicilian poets, Byzantine princesses, Sunni scholars, Shi'ite viziers, Mamluk slave soldiers, Mongol chieftains, and barefoot friars. Crusading remains a rallying call to this day, but its role in the popular imagination ignores the cooperation and complicated coexistence that were just as much a feature of the period as warfare. The age-old relationships between faith, conquest, wealth, power, and trade meant that crusading was not only about fighting for the glory of God, but also, among other earthly reasons, about gold. In this richly dramatic narrative that gives voice to sources usually pushed to the margins, Dan Jones has written an authoritative survey of the holy wars with global scope and human focus.

A history of the Crusades... Vol.2. Repr Steven Runciman 1962

A History of the Crusades: Volume 2, The Kingdom of Jerusalem Steven Runciman 1952-01-01 Sir Steven Runciman's three volume *A History of the Crusades*, one of the great classics of English historical writing, is now being reissued. This volume describes the Frankish states of Outremer from the accession of King Baldwin I to the reconquest of Jerusalem by Saladin. As Runciman says in his preface, 'The politics of the Moslem world in the early twelfth-century defy straightforward analysis, but they must be understood if we are to understand the establishment of the Crusader states and the later causes of the recovery of Islam ... The main theme in this volume is warfare ... I have followed the example of the old chroniclers, who knew their business; for war was the background to life in Outremer and the hazards of the battlefield often decided its destiny.'

The Oxford Illustrated History of the Crusades Jonathan Riley-Smith 2001 A comprehensive history of the Crusades ranges from the eleventh century to modern times, and includes commentary on the art and architecture associated with the Crusades and insights into the history of the knightly orders.

A history of the crusades, vol.2 Steven Runciman 1952

The Crusades Andrew Jotischky 2015-01-29 In 1095 Pope Urban II launched the First Crusade to recover Jerusalem from the Seljuq Turks. Tens of thousands of people joined his cause, making it the single largest event of the Middle Ages. The conflict would rage for over 200 years, transforming Christian and Islamic relations forever. Andrew Jotischky takes readers through the key events, focussing on the experience of crusading, from both sides. Featuring textboxes with fascinating details on the key sites, figures and battles, this essential primer asks all the crucial questions: What were the motivations of the crusaders? What was it like to be a crusader or to live in a crusading society? And how do these events, nearly a thousand years ago, still shape the politics of today?

The Crusades Thomas Asbridge 2010-03-30 *The Crusades* is an authoritative, accessible single-volume history of the brutal struggle for the Holy Land in the Middle Ages. Thomas Asbridge—a renowned historian who writes with “maximum vividness” (Joan Acocella, *The New Yorker*)—covers the years 1095 to 1291 in this big, ambitious, readable account of one of the most fascinating periods in history. From Richard the Lionheart to the mighty Saladin, from the emperors of Byzantium to the Knights Templar, Asbridge's book is a magnificent epic of Holy War between the Christian and Islamic worlds, full of adventure, intrigue, and sweeping grandeur.

Holy Warriors Jonathan Phillips 2010-03-09 From an internationally renowned expert, here is an accessible and utterly fascinating one-volume history of the Crusades, thrillingly told through the experiences of its many players—knights and sultans, kings and poets, Christians and Muslims. Jonathan Phillips traces the origins, expansion, decline, and conclusion of the Crusades and comments on their contemporary echoes—from the mysteries of the Templars to the grim reality of al-Qaeda. *Holy Warriors* puts the past in a new perspective and brilliantly sheds light on the origins of today's wars. Starting with Pope Urban II's emotive, groundbreaking speech in November 1095, in which he called for the recovery of Jerusalem from Islam by the First Crusade, Phillips traces the centuries-long conflict between two of the world's great faiths. Using songs, sermons, narratives, and letters of the period, he reveals how the success of the First Crusade inspired generations of kings to campaign for their own vainglory and set down a marker for the knights of Europe, men who increasingly blurred the boundaries between chivalry and crusading. In the Muslim world, early attempts to call a jihad fell upon deaf ears until the charisma of the Sultan Saladin brought the struggle to a climax. Yet the story that emerges has other dimensions—as never before, Phillips incorporates the holy wars within the story of medieval Christendom and Islam and shines new light on many truces, alliances, and diplomatic efforts that have been forgotten over the centuries. *Holy Warriors* also discusses how the term “crusade” survived into the modern era and how its redefinition through romantic literature and the drive for colonial empires during the nineteenth century gave it an energy and a resonance that persisted down to the alliance between Franco and the Church during the Spanish Civil War and right up to George W. Bush's pious “war on terror.” Elegantly written, compulsively readable, and full of stunning new portraits of unforgettable real-life figures—from Richard the Lionhearted to Melisende, the formidable crusader queen of Jerusalem—*Holy Warriors* is a must-read for anyone interested in medieval Europe, as well as for those seeking to understand the history of religious conflict.

A History of the Crusades. 2 Steven Runciman 1952

A History of the Crusades Steven Runciman 1987-12-03 Analyzes the Crusades from European and Arabic viewpoints

A History of the Crusades. Volume II, the Kingdom of Jerusalem and the Frankish East, 1100-1187 Steven Runciman 1952

The World of the Crusades Christopher Tyerman 2019-05-23 A lively reimagining of how the distant medieval world of war functioned, drawing on the objects used and made by crusaders Throughout the Middle Ages crusading was justified by religious ideology, but the resulting military campaigns were fueled by concrete objectives: land, resources, power, reputation. Crusaders amassed possessions of all sorts, from castles to reliquaries. Campaigns required material funds and equipment, while conquests produced bureaucracies, taxation, economic exploitation, and commercial regulation. Wealth sustained the Crusades while material objects, from weaponry and military technology to carpentry and shipping, conditioned them. This lavishly illustrated volume considers the material trappings of crusading wars and the objects that memorialized them, in architecture, sculpture, jewelry, painting, and manuscripts. Christopher Tyerman's incorporation of the physical and visual remains of crusading enriches our understanding of how the crusaders themselves articulated their mission, how they viewed their place in the world, and how they related to the cultures they derived from and preyed upon.

A History of the Crusades Steven Runciman 2016-11-24 The third volume of Steven Runciman's classic, hugely influential trilogy on the history of the Crusades 'The whole tale is one of faith and folly, courage and greed, hope and disillusion' Steven Runciman's triumphant three-volume *A History of the Crusades* remains an unsurpassed account of the events that changed the world and continue to resonate today. This final volume of the trilogy begins with the glamorous Third Crusade and ends with the ruinous collapse of the crusader states and the degeneration of their ideals, which reached its nadir in the tragic destruction of Byzantium. 'When historical events are written about with this sort of command, they take on not only the universality of a fairy tale but also a certain moral weight. Runciman writes both seductively and instructively about the dignity and beauty of different religious beliefs and about the difficulties of their co-existence' Independent

***A History of the Crusades* Steven Runciman 1957**

Thebes Paul Cartledge 2020-09-22 The riveting, definitive account of the ancient Greek city of Thebes, by the acclaimed author of *The Spartans*—now in paperback Among the extensive writing available about the history of ancient Greece, there is precious little about the city-state of Thebes. At one point the most powerful city in ancient Greece, Thebes has been long overshadowed by its better-known rivals, Athens and Sparta. In *Thebes: The Forgotten City of Ancient Greece*, acclaimed classicist and historian Paul Cartledge brings the city vividly to life and argues that it is central to our understanding of the ancient Greeks' achievements—whether politically or culturally—and thus to the wider politico-cultural traditions of western Europe, the Americas, and indeed the world. From its role as an ancient political power, to its destruction at the hands of Alexander the Great as punishment for a failed revolt, to its eventual restoration by Alexander's successor, Cartledge deftly chronicles the rise and fall of the ancient city. He recounts the history with deep clarity and mastery for the subject and makes clear both the differences and the interconnections between the Thebes of myth and the Thebes of history. Written in clear prose and illustrated with images in two color inserts, *Thebes* is a gripping read for students of ancient history and those looking to experience the real city behind the myths of Cadmus, Hercules, and Oedipus.

A history of the Crusades Steven Runciman 1952

A Brief History of the Crusades Geoffrey Hindley 2013-02-07 Why did the medieval Church bless William of Normandy's invasion of Christian England in 1066 and authorise cultural genocide in Provence? How could a Christian army sack Christian Constantinople in 1204? Why did thousands of ordinary men and women, led by knights and ladies, kings and queens, embark on campaigns of fanatical conquest in the world of Islam? The word 'Crusade' came later, but the concept of a 'war for the faith' is an ancient one. Geoffrey Hindley instructively unravels the story of the Christian military expeditions that have perturbed European history, troubled Christian consciences and embittered Muslim attitudes towards the West. He offers a lively record of the Crusades, from the Middle East to the pagan Baltic, and fascinating portraits of the major personalities, from Godfrey of Bouillon, the first Latin ruler of Jerusalem, to Etienne, the visionary French peasant boy who inspired the tragic Children's Crusade. Addressing questions rarely considered, Hindley sheds new light on pressing issues surrounding religious division and shows how the Crusades have helped to shape the modern world and relations between Christian and Muslim countries to this day.

A History of the Crusades Steven Runciman 2016-11-24 The second volume of Steven Runciman's classic, hugely influential trilogy on the history of the Crusades 'There was magic about. Saladin himself was troubled by terrible dreams...' Steven Runciman's unrivalled history of the Crusades is a classic of learning and vivid, compelling storytelling, which brilliantly brings to life the personalities, battles, massacres, triumphs and follies of these epochal events. In this second volume of his trilogy Runciman tells the story of the foundation of the Kingdom of Jerusalem, the disastrous, bloody Second Crusade and the inexorable rise of the crusaders' nemesis, Saladin. 'The pre-eminent historian of the Byzantine Empire and of the Crusades ... a surefooted guide who could render the past visible and familiar' Daily Telegraph 'He tells his story plain ... always pleasurable to read' Gore Vidal

A history of the crusades Sir Steven Runciman 1965

A History of the Crusades: The Kingdom of Jerusalem and the Frankish East, 1100-1187 Steven Runciman 1965

The Concise History of the Crusades Thomas F. Madden 2014-03-16 What is the relationship between the medieval crusades and the problems of the modern Middle East? Were the crusades the Christian equivalent of Muslim jihad? In this sweeping yet crisp history, Thomas F. Madden offers a brilliant and compelling narrative of the crusades and their contemporary relevance. Placing all of the major crusades within their social, economic, religious, and intellectual environments, Madden explores the uniquely medieval world that led untold thousands to leave their homes, families, and friends to march in Christ's name to distant lands. From Palestine and Europe's farthest reaches, each crusade is recounted in a clear, concise narrative. The author gives special attention as well to the crusades' effects on the Islamic world and the Christian Byzantine East.

A History of The Crusades Steven Runciman 1952

The Race for Paradise Paul M. Cobb 2014-07-24 In 1099, when the first crusaders arrived triumphant and bloody before the walls of Jerusalem, they carved out a Christian European presence in the Islamic world that remained for centuries, bolstered by subsequent waves of new crusades and pilgrimages. But how did medieval Muslims understand these events? What does an Islamic history of the Crusades look like? The answers may surprise you. In *The Race for Paradise*, we see medieval Muslims managing this new and long-lived Crusader threat not simply as victims or as victors, but as everything in-between, on all shores of the Muslim Mediterranean, from Spain to Syria. This is not just a straightforward tale of warriors and kings clashing in the Holy Land - of military confrontations and enigmatic heroes such as the great sultan Saladin. What emerges is a more complicated story of border-crossers and turncoats; of embassies and merchants; of scholars and spies, all of them seeking to manage this new threat from the barbarian fringes of their ordered world. When seen from the perspective of medieval Muslims, the Crusades emerge as something altogether different from the high-flying rhetoric of the European chronicles: as a diplomatic chess-game to be mastered, a commercial opportunity to be seized, a cultural encounter shaping Muslim experiences of Europeans until the close of the Middle Ages - and, as so often happened, a political challenge to be exploited by ambitious rulers making canny use of the language of jihad.

God's War Christopher Tyerman 2007-10-04 'Wonderfully written and characteristically brilliant' Peter Frankopan, author of *The Silk Roads* 'Elegant, readable ... an impressive synthesis ... Not many historians could have done it' - Jonathan Sumption, *Spectator* 'Tyerman's book is fascinating not just for what it has to tell us about the Crusades, but for the mirror it holds up to today's religious extremism' - Tom Holland, *Spectator* Thousands left their homelands in the Middle Ages to fight wars abroad. But how did the Crusades actually happen? From recruitment propaganda to raising money, ships to siege engines, medicine to the power of prayer, this vivid, surprising history shows holy war - and medieval society - in a new light.

A History of the Crusades Steven Runciman 1987-12-03 Analyzes the Crusades from European and Arabic viewpoints

A History of the Crusades: Volume 1, The First Crusade and the Foundation of the Kingdom of Jerusalem Steven Runciman 1951 Analyzes the Crusades from European and Arabic viewpoints

The Crusades Jonathan Simon Christopher Riley-Smith 2005-01-01 "Pulls off the enviable feat of summing up seven centuries of religious warfare in a crisp 309 pages of text."--Dennis Drabelle, *Washington Post Book World* In this authoritative work, Jonathan Riley-Smith provides the definitive account of the Crusades: an account of the theology of violence behind the Crusades, the major Crusades, the experience of crusading, and the crusaders themselves. With a wealth of fascinating detail, Riley-Smith brings to life these stirring expeditions to the Holy Land and the politics and personalities behind them. This new edition includes revisions throughout as well as a new Preface and Afterword in which Jonathan Riley-Smith surveys recent developments in the field and examines responses to the Crusades in different periods, from the Romantics to the Islamic world today. From reviews of the first edition: "Everything is here: the crusades to the Holy Land, and against the Albigensians, the Moors, the pagans in Eastern Europe, the Turks, and the enemies of the popes. Riley-Smith writes a beautiful, lucid prose, . . . [and his book] is packed with facts and action."--Choice "A concise, clearly written synthesis . . . by one of the leading historians of the crusading movement."--Robert S. Gottfried, *Historian* "A lively and flowing narrative [with] an enormous cast of characters that is not a mere catalog but a history. . . . A remarkable achievement."--Thomas E. Morrissey, *Church History* "Superb."--Reuven S. Avi-Yonah, *Speculum* "A first-rate one-volume survey of the Crusading movement from 1074 . . . to 1798."--*Southwest Catholic*

The Origin of the Idea of Crusade Carl Erdmann 2019-04-23 Though conditioned by the specific circumstances of eleventh-century Europe, the launching of the crusades presupposed a long historical evolution of the idea of Christian knighthood and holy war. Carl Erdmann developed this argument first in 1935 in a book that is still recognized as basic to an understanding of how the crusades came about. This first edition in English includes notes supplementing those of the German text, a foreword discussing subsequent scholarship, and an amplified bibliography. Paying special attention to the symbolism of banners as well as to literary evidence, the author traces the changes that moved the Western church away from its initial aversion to armed combat and toward acceptance and encouragement of the kind of holy war that the crusades would represent: a war whose specific cause was religion. Erdmann's analysis stresses the role of church reformers and Gregory VII, without neglecting the "popular" idea of crusade that would assure an astonishingly enthusiastic response to Urban II's appeal in 1095. His book provides an unrivaled account of the interaction of the church with war and warriors during the early Middle Ages. Carl Erdmann (1898-1945) taught at the University of Berlin and was associated with the *Monumenta Germaniae*

historica. Marshall Baldwin was Professor Emeritus of History at New York University at his death in 1975. Walter Goffart is Professor of History at the University of Toronto.
