From the author of critically acclaimed and bestselling memoir *Falling Leaves*, this is a poignant and moving true account of her childhood, growing up as an unloved daughter in 1940s China. Adeline's affluent, powerful family considers her bad luck after her mother dies giving birth to her, and life does not get any easier when her father remarries. Adeline and her siblings are subjected to the disdain of her stepmother, while her stepbrother and stepsister are spoiled with gifts and attention. Although Adeline wins prizes at school, they are not enough to compensate for what she really yearns for -- the love and understanding of her family. Like the classic *Cinderella* story, this powerful memoir is a moving story of resilience and hope. Beyond Broadway Professor Stacy Wolf 2019-11-15 The idea of American musical theatre often conjures up images of bright lights and big city, but its lifeblood is found in amateur productions at high schools, community theatres, afterschool programs, summer camps, and dinner theatres. In *Beyond Broadway*, author Stacy Wolf looks at the widespread presence and persistence of musical theatre in U.S. culture, and examines it as a social practice—a live, visceral experience of creating, watching, and listening. Why does local musical theatre flourish in America? Why do so many Americans continue to passionately engage in a century-old artistic practice that requires intense, person-to-person collaboration? And why do audiences still flock to musicals in their hometowns? Touring American elementary schools, a middle school performance festival, afterschool programs, high schools, summer camps, state park outdoor theatres, community theatres, and dinner theatres from California to Tennessee, Wolf illustrates musical theatre's abundance and longevity in the U.S. as a thriving social activity that touches millions of lives.

The Psychosocial Implications of Disney Movies Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Schwartz guides the reader through his thirty-plus years of teaching part-time as an adjunct lecturer on the university circuit. Always unpredictable and never dull, Schwartz's journey will take him to twenty different colleges and to twenty-three different subjects. The swirling range of topics Schwartz has discussed in his classes include Aristotle, social media, the Reverend Dr. Martin Luther King, Charles Manson, feminism, Charlie Chaplin, Mel Brooks, opera, the Grateful Dead, Playboy magazine, Nathan's Famous Hot Dogs, and many others. At one point, Schwartz teaches the art of hieroglyphics to five-year-olds at the Summer Institute for the Gifted. Ever the outsider, Schwartz chronicles the highs, lows, and in-betweens of teaching at public universities, private universities, four-year colleges, community colleges, sectarian colleges, a New York City high school, inner-city campuses, suburban campuses, and elite New England private academies. In addition to his consistently precarious livelihood as an adjunct, Schwartz directs, writes, and acts in the New York theater scene. Given that 65 percent of the nation's undergraduate faculty consists of adjuncts, who have uncertain job security, Teaching on Borrowed Time gives voice to the adjunct community as well as those who stubbornly forge ahead in their professional quests for the sheer joy of the work.
