**The Reason Why Cecil Woodham-Smith 1991-07-01 This history is a war story of astonishing courage and honor, of stupidity, of blood, death, agony -- and waste. Nothing in British campaign history has ever equaled the tragic farce that was the charge of the Light Brigade during the Crimean War's Battle of Balaclava on October 25, 1854. In this fascinating study, Cecil Woodham-Smith shows that responsibility for the fatal mismanagement of the affair rested with the Earls of Cardigan and Lucan, brothers-in-law and sworn enemies for more than thirty years. In revealing the combination of pride and obstinacy that was to prove so fatal, Woodham-Smith gives us a picture of a vanished world, in which heroism and military glory guaranteed an immortality impossible in a more cynical age.**

**Crimea: The Great Crimean War, 1854-1856 Trevor Royle 2000-05-19 Using primary military dispatches, gives an in-depth account of the Crimean War, remarking on the war's military tactics, brutal nature, and significant impact on modern warfare.**

**Tale of Two Quagmires Kenneth J. Campbell 2015-12-03 Is Iraq becoming another Vietnam? Author Kenneth Campbell received a Purple Heart after serving 13 months in Vietnam. He then spent years campaigning to get the US out of the war. Here, Campbell lays out the**

political similarities of both wars. He traces the chief lessons of Vietnam, which helped America successfully avoid quagmires for thirty years, and explains how neoconservatives within the Bush administration cynically used the tragedy of 9/11 to override the "Vietnam syndrome" and drag America into a new quagmire in Iraq. In view of where the U.S. finds itself today -- unable to stay but unable to leave -- Campbell recommends that America re-dedicate itself to the essential lessons of Vietnam: the danger of imperial arrogance, the limits of military force, the importance of international and constitutional law, and the power of morality.

Rhinoceros Success Scott Alexander 2003-01-01 Go get the life you want. Be a Rhinoceros! There is something dangerous about this book. Something big. Something full of power, energy and force of will. It could be about you. You could become three tons of thick-skinned, snorting hard-charging rhinoceros. It is time to go get the life you want.

Roots of Wisdom: A Tapestry of Philosophical Traditions Helen Buss Mitchell 2018-01-01 Mitchell's ROOTS OF WISDOM: A TAPESTRY OF PHILOSOPHICAL TRADITIONS, Eighth Edition, invites readers to explore universal and current philosophical issues through a rich tapestry of worldviews that include the ideas and traditions of men and women from the West, Asia, the Americas and Africa. No other book covers such a wide breadth of multicultural coverage coupled with a clear, concise and engaging writing style. Striking images from fine art, cartoons, poetry, movies, current events and popular music illustrate our diverse cultural inheritance and bring the issues of philosophy to life. This edition's theme of personhood is addressed in the Confucian Socially Molded Self, discussions about who is and who is not a citizen in a republic, the construction of a planned city and the question of whether other animals do or should enjoy personhood. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Charge of the Light Brigade and Other Poems Alfred Tennyson 1992-09-21 Treasury of verse by the great Victorian poet includes the famous long narrative poem, Enoch Arden, plus "The Lady of Shalott," "The Charge of the Light Brigade," "Break, break, break," "Flower in the crannied Wall" and more. Also included are excerpts from three longer works: The Princess, "Maud" and "The Brook."

Pickett's Charge Bruce E. Mowday 2013 Pickett's Charge was an infantry assault ordered by Confederate Gen. Robert E. Lee against Maj. Gen. George G. Meade's Union position on July 3, 1863, the last day of the Battle of Gettysburg. Arguably an avoidable mistake from which the Southern war effort never fully recovered psychologically,

much has been written as to why Lee had to make the charge, about his commander's reluctance to make the charge and about the Confederate soldiers that took part in the charge. In *Pickett's Charge: The Untold Story*, author Bruce Mowday explores the story of what the heroic Union soldiers, led by General Alexander Webb, had to endure during this assault by Southern forces, a story that deserves recognition and has been overshadowed for more than a century by books and articles on General Robert E. Lee's forces. The book contains images made public for the first time from the J. Howard Wert Gettysburg Collection™ and The American Heritage and History Virtual Museum.

The Charge Mark Adkin 2017-04-30 Unravels facts from fiction about one of the most controversial episodes in military history: the British cavalry's Crimean War disaster. This book shatters many long-held conceptions of how and why this military action happened, and who was to blame. You'll ride with the Regiments down the valley, visit the Russian guns as they frantically fire from three sides, before limping painfully back up the valley with the survivors. The story switches skillfully from the strategic and tactical problems of the battlefield to what it was like for the trooper in the valley or a Russian gunner serving his cannon. Through the novel use of sketches you can, at every stage, look down the on the battlefield from the same position as that used by the British commander-in-chief, Lord Raglan. You'll see the situation as Raglan saw it when he gave each of his infamous four orders that led to the charge. The fourth order, that launched the Brigade down the valley of death, involved four "horsemen of calamity." Raglan gave the order, Captain Nolan delivered it, Lord Lucan received it, and the Earl of Cardigan executed it. History has disagreed over the share of the blame. The author makes a masterly analysis of the probabilities and discusses factors previously overlooked. There is a cogent argument, never made before, that the blunder was deliberate. This book is probably the closest we will ever get to the truth about the charge of the Light Brigade.

The Eames-Erskine Case Dorothy Fielding 2020-11-07 A dead body is found in a hotel's wardrobe and points towards an unfortunate case of drug-overdose. But Inspector Pointer is not convinced and treats it as a murder mystery. Is he right in his presumption? Or, is it indeed a drug-overdose case?\_x000D\_ Excerpt:\_x000D\_ "The door opened noiselessly, and four men came in. They were in plain clothes, and one carried a large box. "Evening," said the first. "I am Chief Inspector Pointer from New Scotland Yard. These are detectives Watts, Miller and Lester. What's wrong?" "I 'phoned," a tall young man answered crisply. "I am the manager of the hotel. This is Mr. Beale, an American gentleman to whom this room was let a couple of hours ago. It really belongs to a young fellow who is away for the week-

end, but as there was no other room available we assigned it to this gentleman for the one night. Mr. Beale has just told me that there is something wrong about the wardrobe you see there. Kindly investigate that large knot-hole in the back for yourself, Inspector."\_x000D\_

**Crisis of the Ottoman Empire** **James J. Reid** 2000 This work focuses upon the military problems of the Ottoman Empire in the era 1839 to 1878. The author examines the Crimean War (1853 to 1856) from the perspective of the Ottoman army, using British and French sources, as well as the few available Ottoman materials. Scholarship on the war has ignored this aspect, but the high quality of work about the British, French, and Russian involvement in the war has enabled the present study to advance its own work. The inability of the Ottoman high command to learn the lessons of the Crimean War led to serious defeats in the Russo-Turkish War of 1877-1878. Revolts occurring in this period also receive attention. While the book analyzes the nature of war in the Balkans and Anatolia, its primary objective is the study of the war's social and psychological influences. This perspective runs as a theme throughout the book, but the author focuses on the psychological aspects in the final chapter using comparative perspectives. .

**Locked In** **John Pfaff** 2017-02-07 "Pfaff, let there be no doubt, is a reformer...Nonetheless, he believes that the standard story--popularized in particular by Michelle Alexander, in her influential book, *The New Jim Crow*--is false. We are desperately in need of reform, he insists, but we must reform the right things, and address the true problem."--Adam Gopnik, *The New Yorker* A groundbreaking examination of our system of imprisonment, revealing the true causes of mass incarceration as well as the best path to reform In the 1970s, the United States had an incarceration rate comparable to those of other liberal democracies--and that rate had held steady for over 100 years. Yet today, though the US is home to only about 5 percent of the world's population, we hold nearly one quarter of its prisoners. Mass incarceration is now widely considered one of the biggest social and political crises of our age. How did we get to this point? *Locked In* is a revelatory investigation into the

root causes of mass incarceration by one of the most exciting scholars in the country. Having spent fifteen years studying the data on imprisonment, John Pfaff takes apart the reigning consensus created by Michelle Alexander and other reformers, revealing that the most widely accepted explanations—the failed War on Drugs, draconian sentencing laws, an increasing reliance on private prisons—tell us much less than we think. Pfaff urges us to look at other factors instead, including a major shift in prosecutor behavior that occurred in the mid-1990s, when prosecutors began bringing felony charges against arrestees about twice as often as they had before. He describes a fractured criminal justice system, in which counties don't pay for the people they send to state prisons, and in which white suburbs set law and order agendas for more-heavily minority cities. And he shows that if we hope to significantly reduce prison populations, we have no choice but to think differently about how to deal with people convicted of violent crimes—and why some people are violent in the first place. An authoritative, clear-eyed account of a national catastrophe, *Locked In* transforms our understanding of what ails the American system of punishment and ultimately forces us to reconsider how we can build a more equitable and humane society.

*Freezing Order* Bill Browder 2022-04-12 NEW YORK TIMES BESTSELLER Following his explosive New York Times bestseller *Red Notice*, Bill Browder returns with another gripping thriller chronicling how he became Vladimir Putin's number one enemy by exposing Putin's campaign to steal and launder hundreds of billions of dollars and kill anyone who stands in his way. When Bill Browder's young Russian lawyer, Sergei Magnitsky, was beaten to death in a Moscow jail, Browder made it his life's mission to go after his killers and make sure they faced justice. The first step of that mission was to uncover who was behind the \$230 million tax refund scheme that Magnitsky was killed over. As Browder and his team tracked the money as it flowed out of Russia through the Baltics and Cyprus and on to Western Europe and the Americas, they were shocked to discover that Vladimir Putin himself was a beneficiary of the crime. As law enforcement agencies began freezing the money, Putin retaliated. He and his cronies set up honey traps, hired process servers to chase Browder through cities, murdered more of his Russian allies, and enlisted some of the top lawyers and politicians in America to bring him down. Putin will stop at nothing to protect his money. As *Freezing Order* reveals, it was Browder's campaign to expose Putin's corruption that prompted Russia's intervention in the 2016 US presidential election. At once a financial caper, an international adventure, and a passionate plea for justice, *Freezing Order* is a stirring morality tale about how one man can take on one of the most ruthless villains in the world—and win.

*The Charge* Mark Adkin 2004 History has disagreed over who was to

**blame for one of Britain's best-known military disasters. The book makes a masterly analysis of the probabilities, discusses factors previously overlooked, and argues that the blunder was deliberate.**

**War, Strategy and the Modern State, 1792–1914 Carl Cavanagh Hodge 2016-11-25 This book is a comparative study of military operations conducted by modern states between the French Revolution and World War I. It examines the complex relationship between political purpose and strategy on the one hand, and the challenge of realizing strategic goals through military operations on the other. It argues further that following the experience of the Napoleonic Wars military strength was awarded a primary status in determining the comparative modernity of all the Great Powers; that military goals came progressively to distort a sober understanding of the national interest; that a genuinely political and diplomatic understanding of national strategy was lost; and that these developments collectively rendered the military and political catastrophe of 1914 not inevitable yet probable.**

The Law Journal Reports 1889

Hell Riders Terry Brighton 2013-12-10 On the 150th anniversary of the world's most famous cavalry charge comes a revisionist retelling of the battle based on firsthand accounts from the soldiers who fought there In October 1854, with the Crimean War just under way and British and French troops pushing the tsar's forces back from the Black Sea, seven hundred intrepid English horsemen charged a mile and a half into the most heavily fortified Russian position in the Crimea in Ukraine. In the seven minutes it took the cavalry to cross this distance, more than five hundred of them were killed. Celebrated in poetry and legend, the charge of the Light Brigade has stood for a century and a half as a pure example of military dash and daring. Until now, historical accounts of this cavalry charge have relied upon politically motivated press reports and diaries kept by the aristocratic British generals who commanded the action. In Hell Riders, noted historian and Crimean War expert Terry Brighton looks, for the first time, to the journals recorded by survivors-the soldiers who did the fighting. His riveting firsthand narrative reveals the tragically inept leadership on the part of the British commander in chief, Lord Raglan, whose orders for the charge were poorly communicated and misinterpreted, and an unfathomable indifference on the part of British officers to the men who survived the battle and were left to tend their wounds and bury the dead in the freezing cold. While the charge overran the Russians, it gained nothing and the war continued for another two years. In finally capturing the truth behind the charge of the Light Brigade, Brighton offers a stirring portrait of incredible bravery in the service of a misguided endeavor.

Religion and Scientific Naturalism David Ray Griffin Articulates a metaphysical position capable of rendering both science and religious experience simultaneously and mutually intelligible.

The Charge of the Light Brigade Charles River Editors 2017-02-09

\*Includes pictures \*Includes descriptions of the charge made by survivors \*Examines the myths and legends surrounding the charge \*Includes a bibliography for further reading \*Includes a table of contents

The Charge of the Light Brigade is the most famous British cavalry charge in history, possibly also eclipsing the renown of any other mounted attack conducted by the armed forces of other nations in the general imagination. This cavalry action is certainly remembered far more vividly than the 1854 Battle of Balaclava during which it occurred, and even the wider Crimean War that led to the battle. Of course, the prominence of the Charge in popular and historical memory is due primarily to Alfred, Lord Tennyson's poem describing the events of that distant late October afternoon. The bearded Poet Laureate crafted a powerful, gripping poetic narrative that fixed the encounter firmly in both the popular imagination and in the English literary oeuvre. Millions of people who know nothing else of the Crimean War between Great Britain and the Russian Empire are familiar with Tennyson's memorable verses. At the same time, however, his words also created a narrative about the combat which has obscured much contrary evidence, replacing fact with legend and completely obscuring the true significance of the Charge of the Light Brigade. Indeed, its perception by historians and depiction in history books has been massively influenced by the sheer artistic power of Tennyson's poem. Sober historians have unwitting cherry-picked the existing original documents to support Tennyson's "version" of the events while disregarding much contrary evidence that provides a very different perspective of the Light Brigade's attack. In fact, a closer examination of source materials casts the Charge of the Light Brigade in a very different light than the widely accepted version of men so highly disciplined and obedient that they obeyed a suicidal order without question. So unquestioningly obedient were the British cavalymen, the legend declares, that they were willing to charge into a cannon's mouth and die rather than raise a voice of protest against the imbecility of their incompetent officers. This mix of doomed courage and absolute, unfaltering compliance with the orders of their superiors, however idiotic, had given the Light Brigade and the British soldier in general a character of tragic heroism. Powerful as this vision of buffoonish commanders leading soldiers infused with ant-like obedience may be in the world of poetry, considerable documentation still exists which at least partially refutes such an interpretation. These documents, recently revisited by a handful of historians, greatly diminish the role of upper-echelon mistakes in causing the Charge. They restore agency and initiative to the ordinary British soldiers, highlighting them as fierce, independent-minded, and energetic actors in their own

*right, who very nearly changed the outcome of the entire Battle of Balaclava with their skill, courage, and daring. Ironically, it is possible to argue that the Charge of the Light Brigade was an attack mostly initiated by the rank and file, and that it was largely successful. The actual blunder was the failure of other commanders to support the charge by sending in infantry in its wake, which could potentially have led to the complete rout of the Russian forces. Instead, the British commanders did nothing to exploit the breakthrough created by the initiative, skill, and ferocity of the ordinary cavalryman, squandering the opportunity they had been offered. The Charge of the Light Brigade chronicles the history and legacy of the ill-fated cavalry charge. Along with pictures of important people, places, and events, you will learn about the Charge of the Light Brigade like never before, in no time at all.*
