Earth Thirst Mark Teppo 2013-01-08 The Earth is dying. Humanity – over-breeding, over-consuming – is destroying the very planet they call home. Multinational corporations despoil the environment, market genetically modified crops to control the food supply, and use their wealth and influence and private armies to crush anything, and anyone, that gets in the way of their profits. Nothing human can stop them. But something unhuman might. Once they did not fear the sun. Once they could breathe the air and sleep where they chose. But now they can rest only within the uncontaminated soil of Mother Earth—and the time has come for them to fight back against the ruthless corporations that threaten their immortal existence. They are the last guardians of paradise, more than human but less than angels. They call themselves the Arcadians. We know them as vampires. . . . Paratextualizing Games Benjamin Beil 2021-11-30 Gaming no longer only takes place as a <closed interactive experience> in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

How to Talk about Videogames Ian Bogost 2015-11-15 Videogames! Aren't they the medium of the twenty-first century? The new cinema? The apotheosis of art and entertainment, the realization of Wagnerian gesamtkunstwerk? The final victory of interaction over passivity? No, probably not. Games are part art and part appliance, part tableau and part toaster. In *How to Talk about Videogames*, leading critic Ian Bogost explores this paradox more thoroughly than any other author to date. Delving into popular, familiar games like Flappy Bird, Mirror's Edge, Mario Kart, Scribblenauts, Ms. Pac-Man, FarmVille, Candy Crush Saga, Bully, Medal of Honor, Madden NFL, and more, Bogost posits that videogames are as much like appliances as they are like art and media. We don't watch or read games like we do films and novels and paintings, nor do we perform them like we might dance or play football or Frisbee. Rather, we do something in-between with games. Games are devices we operate, so game critique is both serious cultural currency and self-parody. It is about figuring out what it means that a game works the way it does and then treating the way it works as if it were reasonable, when we know it isn't. Noting that the term games criticism once struck him as preposterous, Bogost observes that the idea, taken too seriously, risks balkanizing games writing from the rest of culture, severing it from the "rivers and fields" that sustain it. As essential as it is, he calls for its pursuit to unfold in this spirit: "God save us from a future of games critics, gnawing on scraps like the zombies that fester in our objects of study."

Island of the Swans Ciji Ware 2010-02-01 Re-issued in its original full length, this acclaimed and bestselling romantic historical novel by award-winning author Ciji Ware tells the true story of passionate and flamboyant Jane Maxwell, the 4th Duchess of Gordon (1749-1812). In love since childhood with Thomas Fraser, when she hears that he's been killed in America, she marries the Duke of Gordon with disastrous results. But Fraser, very much alive, returns to England to claim her love. In addition to telling a heart-wrenching love story, *Island of the Swans* also paints a fascinating portrait of a powerful and controversial woman and the tumultuous era in which she lived. Patroness of poet Robert Burns, advisor to King George, painted by Sir Joshua Reynolds, Jane Maxwell was a towering figure in her own time and is an unforgettable heroine.

**A Dead Man in Malta** Michael Pearce 2010-11-01 Malta, 1913, and hot air balloons hover over the Grand Harbor. But one of them falls from the sky, the balloonist dying later from his injuries. He is not the only one to die unexpectedly at the Naval Hospital, however, as a letter to *The Times* points out. Special Investigator Seymour of the Foreign Office is sent out from London to uncover the truth. Malta is still a British protectorate; indeed, with its red post boxes, English beer and English language, it seems like an exotic "Little Britain." But as the rumblings of war reach the small island, many of the old Maltese families are becoming divided in their loyalties, as some start to question Malta's subordinate status and wonder whether the time has come to strike out an independent path for themselves. The letter to *The Times* has touched a raw nerve, as Seymour soon finds out: is it simply a critique of bad nursing practices? Or is there a different, more sinister explanation to these sudden deaths?
