Introduction to Literary Hermeneutics _____ Peter Szondi 1995 Peter Szondi is widely regarded as being among the most distinguished post-war literary critics. This first English edition of one of his most lucid and interesting series of lectures opens up his work in hermeneutics for English-speaking readers. The question of what is involved in understanding a text occupied Biblical and legal scholars long before it became a concern of literary critics. Peter Szondi here traces the development of hermeneutics through examination of the work of eighteenth-century German scholars. Ordinarily treated only as prefigurations of Schleiermacher, the work of Enlightenment theorists Johann Martin Chladenius, George Friedrich Meier, and Friedrich Ast yields valuable insight into the 'material theory' of interpretation, on which a practical interpretive methodology might be built.

Aligning Tests with the CEFR _____ Waldemar Martyniuk 2010-11-11 The Council of Europe released a preliminary version of the Manual for Relating Language Examinations to the Common European Framework of Reference for Languages (CEFR) in 2003. Over the next 5 years a wide range of institutions and individuals undertook case studies to pilot this draft version. Towards the close of the piloting phase, a two-day colloquium was held in Cambridge, UK enabling practitioners and academics to reflect on and share their experiences of applying the Manual procedures. Insights from this colloquium informed the Manual revision project during 2008/2009. This volume features selected case studies presented at the Cambridge Colloquium in December 2007. They include the linking of a single test to the CEFR, the CEFR-linking of suites of examinations at different levels and large scale national projects undertaken by examination boards and specialist research institutes. Some studies focus on part of an examination, while others involve all test components. Some apply one or two of the procedures - familiarisation, specification, standardisation, and empirical validation. As well as describing their studies and reporting their findings, contributors reflect and comment on their experience of using the draft Manual. A clear and comprehensive introductory chapter explains the development of the CEFR and the draft Manual for linking tests, and discusses its relevance for the future. The volume will be of interest to examination boards, language test developers and educational policy-makers, as well as academic lecturers, researchers and graduate students interested in the principles and practice of aligning tests to the CEFR.

The Pursuit of Italy _____ David Gilmour 2011-10-25 One of The Economist's Books of the Year A provocative, entertaining account of Italy's diverse riches, its hopes and dreams, its past and present Did Garibaldi do Italy a disservice when he helped its disparate parts achieve unity? Was the goal of political unification a mistake? The question is asked and answered in a number of ways in The Pursuit of Italy, an engaging, original consideration of the many histories that contribute to the brilliance—and weakness—of Italy today. David Gilmour's wonderfully readable exploration of Italian life over the centuries is filled with provocative anecdotes as well as personal observations, and is peopled by the great figures of the Italian past—from Cicero and Virgil to the controversial politicians of the twentieth century. His wise account of the Risorgimento debunks the nationalistic myths that surround it, though he paints a sympathetic portrait of Giuseppe Verdi, a beloved hero of the era. Gilmour shows that the glory of Italy has always lain in its regions, with their distinctive art, civic cultures, identities, and cuisines. Italy's inhabitants identified themselves not as Italians but as Tuscans and Venetians, Sicilians and Lombards, Neapolitans and Genoese. Italy's strength and culture still come from its regions rather than from its misconceived, mishandled notion of a unified nation.

The City and the House Natalia Ginzburg 2016-11-01 The city is Rome, the hub of Italian life and culture. The house is Le Margherite, a home where the sprawling cast of The City and the House is welcome. At the center of this lush epistolary novel is Lucrezia, mother of five and lover of many. Among her lovers—and perhaps the father of one of her children—is Giuseppe. After the sale of Le Margherite, the characters wander aimlessly as if in search of a lost paradise. What was once rooted, local, and specific has become general and common, a matter of strangers and of pointless arrivals and departures. And at the edge of the novel are people no longer able to form any sustained or sustaining relationships. Here, once again, Ginzburg pulls us through a thrilling and true exploration of the disintegration of family in modern society. She handles a host of characters with a deft touch and her typical impressionist hand, and offers a story full of humanity, passion, and keen perception.
